Earthquake Engineering	15	2	900
Earthquake Engineering	15	3	1400
Earthquake Engineering	15	4	1900

#### II. Eligibility for enrollment

Candidates entitled to enrollment must fulfill the following general conditions:

- completed first cycle of studies of corresponding or related studies and fulfillment of other conditions anticipated in the study programmes for organization of the second cycle of studies at the corresponding faculty, i.e., scientific institute.

#### III. Documents for application and enrollment

**Prior to application** within the terms specified in the Competition, each candidate interested in enrollment **should be registered at [www.upisi.ukim.mk](http://www.upisi.ukim.mk) and should fill out an electronic application.** The automatically generated number from the electronic system that the candidate receives should be entered into the candidate’s application form to be submitted for enrollment.

Application should be made at the corresponding faculty, i.e., scientific institute.

To apply, the candidates shall submit:

- Application form for enrollment;
- Electronic application (од [www.upisi.ukim.mk](http://www.upisi.ukim.mk));
- Original document on completed first cycle of studies (diploma or certificate);
- Brief curriculum vitae (CV);
- Certificate on active knowledge of a foreign language;
- Recommendations by lecturing or scientific staff (if any);
- List of professional or scientific papers and samples of these papers (if any);
- Documents on possible awards, recognitions and other documents.

For **enrollment**, the admitted candidates shall submit:

- Student’s booklet and application forms
- Two photos (3,5x4,5)

#### IV. Terms for application and enrollment

	The first term	The second term*
Application of candidates	10 September – 25 September, 2019	08 January - 22 January, 2020
Enrollment of candidates	26-30 September, 2019	23 and 24 January, 2020

\*The second term for application and enrollment shall be effectuated at the units, i.e., study programmes for which there are still vacancies in the competition quotas, at which there are conditions for beginning and realization of the lecturing process in the summer semester.

Upon termination of the first term, the University shall announce on its web page the *number of vacancies for enrollment* at its units, i.e., study programmes for *the second enrollment term* in the academic 2019/2020.

**NOTES:**

- The total sum also includes the defense of the master thesis.
- At the faculties/institutes with a larger number of study programmes, the candidates are given the opportunity to select another or a number of study programmes in addition to their first choice of a study programme for which they apply, i.e., they are given the opportunity to decide for a second, third, etc. study programme if they do not succeed to be ranked on the list of admitted candidates for their first choice of a study programme.
- The interested candidates could obtain detailed information about the conditions for enrollment and study within each of the announced study programmes, the necessary documentation, the organization and the time schedule of the studies at the corresponding faculties, i.e., scientific institutes – bearers of the study programmes.
